

POINT COOK WEST

PROPOSED DEVELOPMENT

Point Cook Needs YOU!

The Government is again planning on squeezing more people into Point Cook. The Hacketts and Sneydes Road "Point Cook West Precinct" is about to land on your door step, without providing vital amenities & basic services.

This 'development' brings with it:

- More congestion to our roads
- High density housing
- Small blocks (200m2)
- 5800 Residents (at least)

There are **NO** plans to address already stretched resources of Point Cook:

- Schools, Childcare & Kindergartens
- Leisure facilities – such as much needed Pool
- Roads & Transport

Are you happy for this to happen?

If your answer is **NO** then you need to join us in our objection to the Government & GAA by attending one of the public meetings to be held. And most important of all – writing letters of objection to the GAA.

We are not prepared to sit by and have the government dictate to us what facilities we can and can't have in Point Cook.

We need support to stop this development going ahead as planned.
